

Who Is Eligible

Individuals 18 years of age or older who are residents of New Hampshire and have no other dental coverage. You may also cover:

(a) the spouse to whom the Subscriber is legally married; and/or

(b) a child of the Subscriber or of the spouse of the Subscriber, by natural birth or legal adoption, or a child in the process of adoption or guardianship, and/or a stepchild, provided such child is under the age of twenty-six (26).

Qualified children are eligible regardless of student status and coverage will terminate when a child reaches the age of twenty-six (26). Children incapable of self-support because of physical or mental disability are eligible regardless of age; supporting documentation from a health-care provider may be requested.

A newborn child is automatically covered for the first thirty-one (31) days following birth. Coverage will continue if the child is formally enrolled within the first thirty-one (31) days following birth or the child may be enrolled thereafter at any open enrollment or as of the first day of the month following the month of the child's second birthday.

It's Easy to Apply

- Complete the Contract Application for Individual Dental Benefits.
- Include all premiums due with the completed enrollment material.

Who Pays — How and When

The adult applicant signing the Contract Application for Individual Dental Benefits is responsible for payment.

Payment must be included with your contract application. After that, payment is made to Northeast Delta Dental monthly by check or via Electronic Funds Transfer.

Carryover Benefit Feature

Most people who visit their dentist routinely rarely need the maximum benefits provided by their dental plan. But someday they may need more, and that's why Northeast Delta Dental offers a carryover benefit feature in dental options 1 and 4 to provide additional benefits if they do. With this feature, you may accumulate \$250 in additional annual benefits for use in future coverage periods. Please refer to the carryover benefit feature flyer for details.

Vision Discount Program

A vision discount program through EyeMed Vision CareSM is free to all Northeast Delta Dental subscribers and their dependents. The program offers up to 35% savings at participating EyeMed providers.

Just show your Northeast Delta Dental identification card to access vision savings.

NOTE: This is a vision discount program and is not insurance.

Northeast Delta Dental and the Dentist

You may see any dentist you wish, participating or nonparticipating. Northeast Delta Dental has a unique relationship with nearly three out of every four dentists throughout the United States. A participating dentist will not charge at the time of treatment for covered services, but may request payment for non-covered services, deductibles, or co-payments.

Delta Dental Premier Network Dentists

Patients will get the best value from their individual dental benefits when they receive dental care from a participating dentist. The benefits of seeing a participating dentist include:

- **No balance billing**—Patients cannot be billed the difference between a participating dentist's submitted charge and Delta Dental's approved amount.
- **Less paperwork**—Participating dentists complete and forward dental claim forms directly to Northeast Delta Dental.
- **Direct Payment**—Northeast Delta Dental pays the participating dentist directly, so the patient does not have to pay the covered amount up front and wait for a reimbursement check.

Nonparticipating Dentists

If you visit a nonparticipating dentist, you may be requested to bring a claim form that is available by calling Northeast Delta Dental or that may be downloaded from www.nedelta.com. Unless otherwise required by State law, payment for services rendered will be made directly to you and will be limited to the lesser of the dentist's actual submitted charge or the company's allowance for nonparticipating dentists. It will be your responsibility to make full payment to your dentist.
