

ACA Rate Justification 2021

Maine: Though experience rating of this plan calls for a slight increase, rates reflect a rate hold to provide stability given the current market instability during the COVID-19 pandemic.

New Hampshire: Though experience rating of this plan calls for a slight increase, rates reflect a rate hold to provide stability given the current market instability during the COVID-19 pandemic.

Vermont: Though experience rating of this plan calls for a slight increase, rates reflect a rate hold to provide stability given the current market instability during the COVID-19 pandemic.
