ACA Rate Justification 2021

<u>Maine</u>: Though experience rating of this plan calls for a slight increase, rates reflect a rate hold to provide stability given the current market instability during the COVID-19 pandemic.

<u>New Hampshire</u>: Though experience rating of this plan calls for a slight increase, rates reflect a rate hold to provide stability given the current market instability during the COVID-19 pandemic.

<u>Vermont</u>: Though experience rating of this plan calls for a slight increase, rates reflect a rate hold to provide stability given the current market instability during the COVID-19 pandemic.
