# Frequently asked questions:

**I already qualified for additional preventive benefits through the HOW® program, do I need another risk assessment to be eligible for the Home Care Offer?**

The Home Care Offer is available on qualifying PreViser® risk assessments completed within the last 12 months, or on newly qualified risk assessments.

**What is my cost for an oral health care product?**

Price and out-of-pocket expense depends on the product chosen. Northeast Delta Dental will cover the discount on the oral health care product selected. This discount is fully covered and is not deducted from your insurance benefit. The discount is applied at the time of purchase and you are responsible for the remaining cost. Please allow 3-5 business days for delivery.

**How do I take advantage of this offer?**

After your PreViser® risk assessment, your provider will give you a special QR code that you can open with your smartphone to select the product you would like to purchase. Please note that this is a one-time offer and you may only purchase once a year at the discounted rate.
